X = Optimal selection **X** = Acceptable Option **X** = Poor Option

Printing Options	MAST Event Documents, Partial books, or small quantity of complete book or NT	Books, less than 1000 Copies per printing, with Stapled, Soft or Hard Perfect bound Covers	Books, more than 1000 Copies per printing, with Stapled, Soft or Hard Perfect Bound Covers	Onion Skin Paper Books, any Quantity, with Stapled, Soft or Hard Perfect Bound Covers
Mini POD	X	X	X	X
Mega POD	X	X	X	X
Offset Printing	X	X	X	X

Any printing option can be used for printing documents and books. Only a Mega POD and commercial offset printer have the capability to hot glue perfect bind covers. The Mini POD can only staple books.

The benefits of the Mega POD are:

1. The cost per book is the same for 1 book or 100,000 books.
2. It can easily print small batches of books as needed without a large financial investment compared to printing more than 1000 books or more at a commercial printer.
3. Print multiple documents or books at the same time.
4. Quick turnaround from one book to the next.
5. Mega PODs have a Power Cart that allows it to continue to operate with BAD or NO utility power.
